

## **2020 NSC Southeast Safety Conference & Expo Rescheduled**

Thank you for your interest in the launch of the new 2020 NSC Southeast Safety Conference & Expo.

In response to the circumstances associated with COVID-19, and after consulting with all stakeholders, the National Safety Council has made the decision to **reschedule the launch of the 2020 NSC Southeast Safety Conference & Expo to November 10-12, 2021 in Charleston, South Carolina.**

Our number one priority is the safety, health and wellbeing of all. NSC will work with the Global Bio-risk Advisory Council (star accreditation division of ISSA-The Worldwide Cleaning Industry Association), the SAFER task force, the Charleston Area Convention Center, and state and local health officials to ensure accommodation of all participants while adhering to necessary safety protocols.

Our program in 2021 promises to offer the same educational and networking opportunities we intended to offer in 2020 as well as new opportunities in 2021. Please continue to visit our website at [sece.nsc.org](http://sece.nsc.org) for updates regarding the 2021 event.

In the meantime, we appreciate your patience, support and flexibility during this unprecedented time. Thank you for your commitment to NSC and the launch of the 2020 NSC Southeast Safety Conference & Expo. Please contact us at [sece@nsc.org](mailto:sece@nsc.org) with any questions.

Sincerely,

NSC Southeast Safety Conference & Expo
